

A LETTER FROM OUR ASSOCIATION PRESIDENT,

Hello neighbors, and welcome to the new Smoky Ridge web site,

I hope you have all been having a great spring. Let me start off with a few notes/reminders...

ECCV again has us under water restrictions this year. Watering days are Monday, Wednesday and Saturday for odd numbered addresses and Tuesday, Thursday and Sunday for even numbered addresses. These restrictions allow for plenty of water to keep a healthy lawn/yard, so please help to keep the neighborhood looking like a place we can all be proud of.

We are also well into the season for home improvement projects. Please be sure that you turn in your applications to the ARC before starting any work. Keep in mind that an application is needed for any improvements external to your home.

Applications can be found in the Community Info section of our web site (the direct link is):

Upcoming events...

At this point we do not know that we will be having a community garage sale this year. The role of Activities Coordinator has been open for several years now, and while interest has been shown in the event nobody has decided to take the necessary ownership to coordinate this. If you are interested in the Activities Coordinator position, or would prefer to coordinate just one activity, please contact me at ericness@smokyridge.org. We currently need people to coordinate not only the Garage Sale, but the Easter Egg Hunt and to assist in planning the Annual Picnic.

These events will not continue without community support!!!

Or next event will be the annual picnic on Saturday August 9th. This date is fast approaching, so it is never too early to get you Picnic RSVPs in. You can RSVP with your name, address, phone number and number of adults and children attending to picnic@smokyridge.org. You must RSVP and get your vouchers to eat! This has been a wonderful annual event and we are looking forward to another great turnout.

We currently have one open Director position on the board that needs to get filled. We meet just once a month for around 2 hours, and need neighborhood participation if we are going to keep Smoky Ridge a great place to live. If you are interested in joining, feel free to drop in on any of our board meetings, our contact myself or any of the other board members.

Thank you all for your continued support.

Eric Ness
